DIAN-TU Core Leaders

Randall Bateman, MD, Administrative Core Leader
Washington University School of Medicine

Tammie Benzinger, MD, PhD, Imaging Core Leader
Washington University School of Medicine

Brian Gordon, PhD, Imaging Co-Core Leader
Washington University School of Medicine

Alison Goate, Phil, Genetics Core Leader
Mount Sinai School of Medicine

Carlos Cruchaga, PhD, Genetics Core Leader
Washington University School of Medicine

Anne Fagan, PhD, Biomarker Core Leader
Washington University School of Medicine

Jason Hasenstab, PhD, Cognition Core Leader
Washington University School of Medicine

Susan Mills, Director of Clinical Operations
Washington University in St. Louis

Rick Perrin, MD, Neuropathology Core Leader
Washington University School of Medicine

Chengjie Xiong, PhD, Biostatistics Core Leader
Washington University School of Medicine

Dominantly Inherited Alzheimer Network Trials Unit (DIAN-TU)

Guoqiao Wang, PhD, Biostatistics Co-Core Leader
Washington University School of Medicine

Former Leaders:

Nigel Cairns, MD (Retired), Neuropathology Core Leader, Washington University School of
Medicine

Peter Snyder, PhD (Former Cognition Core Leader), Brown University
