

# Dominantly Inherited Alzheimer Network Trials Unit (DIAN-TU)

## DIAN-TU-001 Sola/Gant

The DIAN-TU acknowledges the many individuals who have contributed to the DIAN-TU Trials including funding partners, leadership team, core leaders, project arm leaders, study sites and institutional study partners listed in the following pages.

DIAN-TU Leadership
Randall Bateman, MD, Director and Principal Investigator Washington University School of Medicine
Eric McDade, DO, Co-Director Washington University School of Medicine
Anna Santacruz, Administrative Director Washington University School of Medicine
David Clifford, MD, Associate Director and Medical Director Washington University School of Medicine
Jorge Llibre-Guerra, MD, MSc, Assistant Medical Director Washington University School of Medicine

DIAN-TU Project Arm Leader
Martin Farlow, MD, Solanezumab Indiana University School of Medicine
Stephen Salloway, MD, Gantenerumab Brown University, Warren Alpert School of Medicine

Avid	
Nicholas Galante, MD	Michael Pontecorvo, PhD

# Dominantly Inherited Alzheimer Network Trials Unit (DIAN-TU)

<b>Eli Lilly</b>		
Scott Andersen, MS	Eden Yun-Ju Cheng, PhD	Yingdong Feng, MS, MPH
Ixavier Higgings, PhD	Karen Holdridge, MPH	Derek Longsdon, PhD
Mark Mintun, MD	Fanni Natanegara, PhD	Chatterjee Saptarshi, PhD
Sergey Schcherbinin, D.Sc.	John Sims, MD	Diana Svaldi, PhD
Roy Yaari, MD	Jennifer Zimmer, MD	

<b>F. Hoffmann La-Roche</b>		
Monika Baudler, PhD	Tobias Bittner, PhD	Paul Delmar, PhD
Rachelle Doody, MD, PhD	Caroline Giacobino, PhD	Paulo Fontoura, MD, PhD
Geoffrey Kerchner, MD, PhD	Gregory Klein, PhD	Jakub Wojtowicz, MPharm

<b>DIAN-TU Core Leaders</b>
Tammie Benzinger, MD, PhD, Imaging Core Leader Washington University School of Medicine
Brian Gordon, PhD, Imaging Co-Core Leader Washington University School of Medicine
Alison Goate, Phil, Genetics Core Leader Mount Sinai School of Medicine
Jack Clifford, MD, Imaging Core Co-Investigator Mayo Clinic
Carlos Cruchaga, PhD, Genetics Core Leader Washington University School of Medicine
Anne Fagan, PhD, Biomarker Core Leader Washington University School of Medicine
Jason Hasenstab, PhD, Cognition Core Leader Washington University School of Medicine
Rick Perrin, MD, Neuropathology Core Leader Washington University School of Medicine

# Dominantly Inherited Alzheimer Network Trials Unit (DIAN-TU)

Susan Mills, Director of Clinical Operations Washington University School of Medicine
Chengjie Xiong, PhD, Biostatistics Core Leader Washington University School of Medicine
Guoqiao Wang, PhD, Biostatistics Co-Core Leader Washington University School of Medicine
Former Leaders: Nigel Cairns, MD (Retired), Neuropathology Core Leader, Washington University School of Medicine Peter Snyder, PhD (Former Cognition Core Leader), Brown University

DIAN-TU Faculty and Staff		
Amanda Fulbright, Grant Specialist Administration	Jacki Mallmann, Research Administrator Administration	Yan Li Biostatistics Core
Jeanette Schillizzi, Research Administrator Administration	Karen McCann, Senior Accounting Coordinator, Finance	Julie Murphy, Senior Department Accounting Assistant, Finance
Shannon Sweeney, Manager Financial Operations, Finance	Fatima Amtashar, QC Technician, Biomarker Core	Kelly Coalier, Lead Scientist, Biomarker Core
Sushila Sathyan, Archivist, Biomarker Core	Kristen Ferguson, Clinical Research Specialist, Clinical Operations	Angela Fuqua, Senior Manager Clinical Pharma Research Programs, Clinical Operations
Jennifer Stauber, Clinical Research Specialist, Biomarker Core	Yuchen Cao, Statistical Data Analyst, Biostatistics Core	Daniel Yen, Statistical Data Analyst, Biostatistics Core
Silvy Alexander, Assistant Director Clinical Pharma Research, Clinical Operations	Elise Andrews, Manager Clinical Trials, Clinical Operations	Nathan Angeloff, Senior Manager Clinical Pharma Research Programs, Clinical Operations
Diana Hobbs, Neuroimaging Engineer, Imaging Core	Russ Hornbeck, Director Information Systems, Imaging Core	Kelley Jackson, Manager Clinical Trials, Imaging Core

# Dominantly Inherited Alzheimer Network Trials Unit (DIAN-TU)

DIAN-TU Faculty and Staff		
Stephanie Belyew, Associate Director Research Clinical Trials Operations, Clinical Operations	Jessia Bur, Clinical Research Specialist Clinical Operations	Dana Burgdorf, Clinical Research Coordinator, Clinical Operations
Miranda Jany, Clinical Research Coordinator Clinical Operations	Michelle Jorke, Clinical Research Coordinator, Clinical Operations	Bridgette King, Associate Director, Clinical Data Management, Clinical Operations
Ellen Gruebbeling, Clinical Research Coordinator, Clinical Operations Research Programs, Clinical Operations	Erica Hart, Senior Clinical Research Coordinator, Clinical Operations	Erica Hart, Senior Clinical Research Coordinator, Clinical Operations
Tayona Mayhew, Clinical Data Manager, Clinical Operations	Inbal Meshulam, Manager Clinical Trials, Clinical Operations	Rachel Carrow, Clinical Research Coordinator, Clinical Operations
Dominique Morrison, Specialist Clinical Data Management, Clinical Operations	Jeanine Portell, Manager Clinical Trials, Clinical Operations	Maisoon Qassem, Senior Clinical Research Coordinator, Clinical Operations
Nisha Rao, Senior Clinical Research Coordinator, Clinical Operations	Elizabeth Sawicki, Senior Manager Clinical Pharma Research Programs, Clinical Operations	Annette Stiebel, Senior Manager Clinical Pharma Research Programs, Clinical Operations
Andrew Aschenbrenner, Assistant Professor, Cognition Core	Sarah Stout, Manager Clinical Trials, Cognition Core	Jennifer Sullivan, Manager Clinical Trials, Cognition Core
Leslie Symonds, Clinical Research Coordinator, Cognition Core	John Budde, Laboratory Manager, Genetics Core	Jonathan Heusel, Chief Medical Officer Genomics and Pathology, Genetics Core
Rohan Agrawal, Imaging Analyst, Imaging Core	Shafiq Alsayed Allaham, Clinical Research Coordinator, Imaging Core	Charles Chen, Predoctoral Trainee, Imaging Core
Gengsheng Chen, Senior Scientist, Imaging Core	Alicia Craycroft, Senior Clinical Research Coordinator, Imaging Core	Stephanie Doering, Postdoc Research Associate, Imaging Core
Kaitlyn Dombrowski, Imaging Analyst, Imaging Core	Shaney Flores, Research Assistant, Imaging Core	David Hoagey, Imaging Analyst, Imaging Core

# Dominantly Inherited Alzheimer Network Trials Unit (DIAN-TU)

## DIAN-TU Faculty and Staff Continued

Stephen Jarman, Research Lab Manager, Imaging Core	Meng Jian, Imaging Analyst, Imaging Core	Nelly Joseph-Mathurin, Instructor of Radiology, Imaging Core
Sarah Keefe, Research Assistant, Imaging Core	Deborah Koudelis, Regulatory Support and Compliance Manager, Imaging Core	Parinaz Massoumzadeh, Senior Scientist, Imaging Core
Austin McCullough, Postdoc Research Associate, Imaging Core	Nicole McKay, Instructor of Neurology, Imaging Core	Arash Nazeri, Imaging Analyst, Imaging Core
Joyce Nicklaus, Manager Clinical Trials, Imaging Core	Aakash Patel, Imaging Analyst, Imaging Core	Christine Pulizos, Project Manager, Imaging Core
Farzaneh Rahmani, Imaging Analyst, Imaging Core	Jacqueline Rizzo, Research Technician, Imaging Core	Edita Sabaredzovic, Clinical Research Coordinator, Imaging Core
Jalen Scott, Research Technician, Imaging Core	Hope Shimony, Imaging Analyst, Imaging Core	Ashlee Simmons, Research Technician, Imaging Core
Thomas (Hunter) Smith, Research Technician, Imaging Core	Qing Wang, Assistant Professor of Radiology, Imaging Core	Yong Wang, Imaging Analyst, Imaging Core
Erin Franklin, Associate Director Clinical Research, Neuropathology Core		

## DIAN-TU Expanded Registry

Eric McDade, Director	Randall Bateman, Associate Director	Jorge Llibre-Guerra, Associate Director
Jennifer Petranek Clinical Research Coordinator	Sarah Adams, Clinical Research Coordinator	Susan Brandon, Clinical Research Coordinator
Ellen Ziegemeier, Clinical Research Specialist		

# Dominantly Inherited Alzheimer Network Trials Unit (DIAN-TU)

## Performance Sites

### United States

Washington University School of Medicine Joy Snider, Principal Investigator Peggy Kelly, Study Coordinator	Columbia University Medical Center Lawrence Honig, Principal Investigator Evelyn Dominquez-Rivera, Study Coordinator
University of Alabama – Birmingham Erik Roberson, Principal Investigator Amber Watkins, Study Coordinator	University of California, San Diego Douglas Galasko, Principal Investigator Dan Szpak, Study Coordinator
University of Pittsburgh Sarah Berman, Principal Investigator Sarah Thompson, Study Coordinator	University of Washington School of Medicine Suman Jayadev, Principal Investigator Kelly Green, Study Coordinator
Yale University School of Medicine Christopher van Dyck, Principal Investigator Nina Diepenbrock, Study Coordinator	

### Australia

Neuroscience Research Australia and University of New South Wales Medicine William Brooks, Principal Investigator Jacob Bechara, Study Coordinator	University of Melbourne Colin Masters, Principal Investigator Bev Clinch, Study Coordinator
---	---

### Canada

McGill University, Studies on Aging in Montreal Serge Gauthier, Principal Investigator Maria Polcaro, Study Coordinator	Sunnybrook Research Institute, University of Toronto Mario Masellis, Principal Investigator Michael Comishen, Study Coordinator
University of British Columbia Ging-Yuek Hsiung, Principal Investigator Michele Assay, Study Coordinator	

# Dominantly Inherited Alzheimer Network Trials Unit (DIAN-TU)

## France

Centre Hospitalier Universitaire de Rouen David Wallon, Principal Investigator Celine Bergot, Study Coordinator	Centre Hospitalier Universitaire de Toulouse J�r�mie Pariente, Principal Investigator Pascale Gauteul, Study Coordinator
Neurological Institute of the Salp�tri�re, University Hospital, Paris Bruno Dubois, Principal Investigator Lydia Kamar, Study Coordinator	

## Spain

Hospital Cl�nic i Provincial de Barcelona, IDIBAPS-Universitat de Barcelona Raquel Sanchez-Valle, Principal Investigator Beatriz Bosch Capdevil, Study Coordinator
--

## United Kingdom

University College London Catherine Mummery, Principal Investigator Jane Douglas, Study Coordinator
---
